Under the direction of the Secretary of State, a notary may not create the document but will certify the identity of the document signer and administer an oath when needed. A valid picture ID is required.

The California Mobile Notary Network is an organization comprised of committed, professional notaries public who are dedicated to providing exceptional, expert and timely signing services.

As a member of the Mobile Notary Network, Jeff Scaggs may travel to hospitals, businesses, homes and jails to meet clients where and when his services are needed. All Network members are bonded, tested, and background-screened.
